106 Tower Street

BT5 4FJ

Belfast

EDUCATION

Queens University Belfast

Bachelor of Engineering, Computer Science

June 2019

Degree Plus | 2:1

SKILLS

Languages:

Java, C#, R, Swift, SQL, HTML, CSS, JavaScript, VBA, Google App Script

Technologies/Frameworks:

Git, Slack, Node.js, Bootstrap, React, ASP.NET Core, Microsoft Office, UiPath

PROJECTS

Final Year Project – Nurse Rostering Web App

- Worked with Belfast company EventMap Ltd. to develop a web app and the algorithm behind a solution for automatic nurse/shift rostering using ASP.NET Core MVC framework using C#, JavaScript, CSS and HTML. Linked to a MSSQL Server backend. **Result: 2:1.**

Portfolio website

- Web app and text-based adventure game made with React with JS. Found at www.phillipchong.me.

Catalyst – Co-Founders – iOS App

Mar 2020 – July 2020

- Joined the Catalyst Innovation Centre's Co-Founders programme as a developer. Part of the 3-person team 'ByBike' aiming to implement a bicycle tour planning mobile app using Swift UI.

EXPERIENCE

RPA Developer | PricewaterhouseCoopers (PwC)

Sept 2020 to Present

- Certified RPA Associate with UiPath.
- Working closely with clients to implement automation solutions to lengthy business processes using UiPath and Google Apps Script.

Legal Technology Specialist | PricewaterhouseCoopers (PwC)

Sept 2019 to Sept 2020

- Created a split database solution for client outreach for a large multinational investment bank. Complex functionality implemented with VBA.
- Created SQL scripts for data manipulation, validation, and transformation.

Technical Support Level 2 Placement | HSC Business Services Organisation (BSO) Aug 2017 to Aug 2018

- Worked to troubleshoot IT issues, working with Active Directory, virtual machines, email policies and legacy systems.
- Creation of PowerShell scripts to automate processes.
- Trained new joiners after merger with NI Fire Rescue Service (NIFRS).

PERSONAL

Hobbies:

Video games, fantasy novels, table-top roleplaying games such as D&D.
